

Melvin Burgess Assessor of Property Shelby County, Tennessee

How to Complete a Tangible Personal Property Schedule

What is Personal Property?

- Personal Property is the tangible property used or held for use in a business or profession.
- It includes: furniture, fixtures, office equipment, vehicles, tools, machinery, signs, raw materials and supplies, artwork, etc.

Items that are personally owned (such as your vehicle) and used in a business along with leased or loaned items are also assessed as personal property.

What is a Personal Property Schedule?

- ▶ By February 1st of each year, the Assessor mails a Personal Property Schedule to each business owner in Shelby County.
- ▶ The Schedule is a standardized form used to list and report the cost of assets used in a business operation as of January 1st, the assessment date.
- If a business previously filed a schedule, the schedule will show Cost on File by group and year based on the previous year filing. The Cost on File should be reviewed and revised for any asset additions or deletions. Any reductions in cost must be explained.
- New businesses will be provided a blank schedule to list cost of all assets. If a schedule is not received by February 1, the business owner should contact the Assessor's office immediately to obtain one.

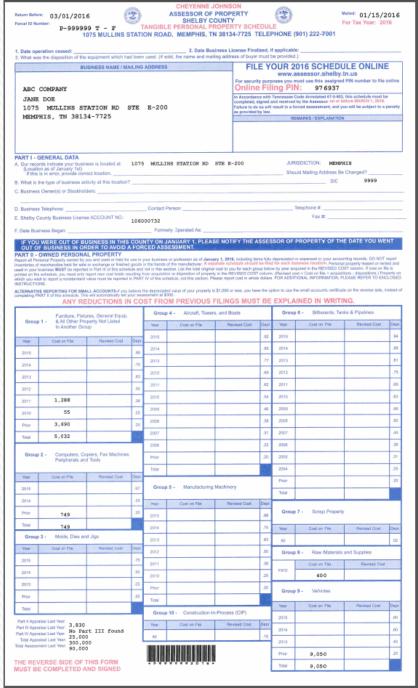

File your Personal Property Schedule to the Assessor by March 1

- Shelby County business owners are required to file a Personal Property Schedule no later than March 1st of each year.
- Failure to file by this deadline will result in a Forced Assessment on the business owner's account. A Forced Assessment is an assessment resulting from an estimation of value based upon a field inspection of the property, previously reported information adjusted for growth or it may be estimated based upon the value of personal property for a similar business. A tax bill will be generated from a forced assessment. A Forced Assessment may only be corrected by filing an appeal with the Shelby County Board of Equalization.
- Fiven if your business has <u>closed</u> during the year, you must still file the Schedule to report that information. Or, even if you have been issued a business license and you have not started your business, you must file a schedule stating that the business has not started.

The Personal Property Schedule

The Schedule consists of:

- Top Section where the Personal Property Account Number, business name and mailing address, "Remarks" section and Online Filing Pin are located. This section should be used to report the closing of a business.
- Part I General Data consisting of the business name, location, mailing address, owners, SIC code, business telephone number, contact person, etc.
- Part II Owned Personal Property by Asset Groups. If a Business Owner has previously filed, Cost on File will be shown.

Personal Property Schedule (continued)

Part II – Owned Personal Property Asset Groups

- ▶ Group 1 Furniture, fixtures, general equipment, and all other property not listed in another group
- Group 2 Computers, copiers, fax machines, peripherals and tools. (Small hand tools only.)
- ▶ Group 3 Molds, dies, and jigs.
- Group 4 Aircraft, towers, and boats.

- Group 5 Manufacturing machinery.
- Group 6 Billboards, tanks, and pipelines.
- Group 7 Scrap property.
- Group 8 Raw materials and supplies.
- ▶ Group 9 Vehicles.
- Group 10 Construction-in-Process (CIP).

The Personal Property Schedule (continued)

The Schedule also consists of:

- Part III Leased Property. Report all items leased or rented and used in your business operation as of January 1.
- Part IV Owned Items with

 Nonstandard Values. This section should be used if you wish to report property with a value different from the depreciated cost. Supporting documentation is required to be submitted along with the original timely filed schedule before such value will be considered by the Assessor.
- Part V Alternative Reporting for Small Accounts. If the total value of all property used to operate your business is \$1,000 or less, the "Small Accounts certification Box" may be checked.

Business Owners Should:

Complete, sign and return the schedule by the March 1 deadline.

How to Complete a Personal Property Schedule

- First, if you do not have a listing of all assets used in the operation of your business, you should prepare one.
- You should list all items owned, leased and/or borrowed. The description, year acquired and purchase price/original cost of each item should be included.
- See sample listing prepared for ABC Company.

Options for Filing your Personal Property Schedule to the Assessor

- Express Filing The fastest way if you are not making any changes to your previous year filing. Just telephone the Assessor's Answer Center and provide your PIN number for processing your schedule. This feature is not available to business owners filing for the first time.
- Online Filing Save time by filing your schedule online via the Assessor's Website. It is the easiest way to file if you have changes to report. You must have the Pin # located on the mailed schedule available. Call our office to obtain it if necessary.
- Mail or Walk-In Mail or bring the completed Schedule to our East Office, 1075 Mullins Station Rd, Memphis TN 38134. Remember to print and sign your name and to provide your title and date of completion.
